AGENDA ITEM #2: PUBLIC HEARING ON SCHOOL DEPARTMENT BUDGET FY '21

A public hearing on the fiscal year 2020 School Department budget was held, as required by MA state law Chapter 71, Section 38N. Mr. Lynch reported that the preliminary budget presented in January was for \$8,689,525. The preliminary budget has since been reduced to \$8,546,325. This is a 2% increase over the current year and is a level-service budget. Funds not used this year because we had to close schools in March will be used to buy supplies and other payment will be made from this year's budget to help reduce next year's budget. Mr. Lynch reported there are no new positions in this budget. He explained a custodial salary was transferred from a revolving account to the budget due to the uncertainty of next year. If school isn't in session in September, the Surround Care Program will not run and the custodial salary that is paid from that program would have to be paid from the budget. Also, because no one knows what may happen next school year, additional funds may be needed to increase technology and/or transportation expenses. Mrs. Andrews commented that even under normal circumstances this is a very responsible, conservative budget and she commended the administrative team for it.

It was moved by Mrs. Vincent, seconded by Mrs. Andrews and VOTED to approve the FY' 21 budget in the amount of \$8,543,325 as presented.

AGENDA ITEM #6: PUBLIC INPUT

The public was asked to e/mail comments to Mrs. Weber in advance of the meeting. Mrs. Weber received one comment from a parent suggesting that BCS consider moving whole classes together next year, because of this year's shortened time in school. Mr. Lynch said there are good and adverse reasons to not do that. Mrs. Francisco state that students were in school for two thirds of the year and they do their best to match the students to the teachers that would best meet each student's needs and it is the best interest of the overall student population to not move the classes as a whole next year. Mrs. Hebert said in the middle school they keep some together but do move some due to individual's student needs. Mrs. Francisco added that next year will be different for all and some transition will be needed because of the unexpected school

closures. Ms. Hebert stated they are hoping to do something for Grade 8 such as the dance/social and graduation and also do some kind of transition for incoming grade 5 students.

AGENDA ITEM #7: EDUCATIONAL REPORTS

AGENDA ITEM #7a: PRINCIPALS' REPORTS ON SCHOOL ACTIVITIES

Mrs. Francisco reported that distance learning at BCS is going very, very well. Everyone is pleased with the job faculty have done. Student belongs pick up last week went very well, a video of it will be sent to families. There was close to 100% participation by faculty and staff. Staff were recognized in many ways last week for Staff Appreciation Week. The plan for year-end report cards is not final yet. This last term work is for credit / no credit and may have more teacher comments about the child's learning for the last period of the year.

Mrs. Hebert reported that the BMS clean out week was successful. BMS signs have been delivered to all grade 8 students yards, thanks to financial support from PTO. Distance learning plans are going well. Fortunately, we had moved to Google this year and had Gmail accounts so many teachers were able to quickly get online learning up and running. We have close to 100% participation and are reaching out to individuals who may be struggling. Report cards will reflect trimesters. For grade 8 awards, we will use first three years grades and the first two terms of this year and the close out grade. Third term grades will use grades from time in school and distance learning grades and average together for final grade.
