| Appointments | <p>Meeting taken out of order</p> <ul style="list-style-type: none"> - Appointments #1 - Meeting with the Planning Board regarding request for funding to redo the Zoning Bylaws. Miller gave his opinion that he thought it would be good to reach out to council about locating a small similar town that recently did their Bylaws and potentially use that as a template. Castellina noted that it likely won't be that easy since we already have our districts and they would have theirs and that it wouldn't be that easy to meld other Bylaws that intertwine with other Bylaws. Leary stated it's a bargain from Bobrowski and that his estimate broke down how many meetings, how many revisions, how many public meetings, etc. Miller stated that he trusts Mark Bobrowski and he probably knows more than anyone about this type of stuff so it might not be a bad idea. Miller noted he has the utmost respect for Bobrowski. Miller asked to put this on the agenda for next time. | Informational – No action taken |

Once reports are in, if there is a need, the BOH will act on it. Miller spoke about the allegation that the individual is operating a business out of their residence illegally and the Building Commissioner is planning to go out and check. Mr. Coutinho stated that the Board is supposed to come back on the 24th to revisit the matter as stated at the last meeting. A resident asked about ground contamination. Mr. Coutinho explained to the resident that the engineer is there regarding storm water Bylaws and the report will be on water issue not ground contamination. Inspector will be addressing the illegal business. Romeo of 11 Mill Street asked if there was any way abutters could be told when meetings are. Miller noted that agendas are online and meetings are every other week. Castellina noted that if he can't get online that outside the Town Hall the agenda is posted on the building. Miller and Castellina discussed Council and Special Permit processes. Blandin commented that Castellina and Miller should not be talking about procedural rules for Special Permits since it wasn't on the agenda and he wasn't allowed to say anything last meeting that was not on the agenda. Miller disagreed. Blandin asked about the ground contamination that was listed in the email and asked if the Board could address that. Miller replied no, that it is a Board of Health issue. Not a Selectmen issue. Cochrane stated they are open to listening to all complaints and thinks they have been fair but the whole Board should be in attendance. Currently Sterling is on vacation. Cochrane sated she did not want to dig into the letters right then. Cochrane asked for their patience in the process and to wait for the other member. Blanding spoke about how he went to the BOH seven months ago as well as came in and spoke to the inspector, yet he never heard back from him. Romeo was concerned about the owner of 15 Mill St. paving his own driveway. Mr. Coutinho stated as a homeowner he is allowed to do certain things like pave the driveway and such.
