April 4, 2020

As of this morning the Town of Berkley has 12 confirmed cases of Covid-19 with 8 remaining active and 4 cured. There is at least 1 patient that is hospitalized, the remaining are in home isolation. The Board of Health's office will remain in contact through out the duration of their illness and update my office when new information becomes available.

Our Police and Fire Department has continued to take all necessary precautions to keep our community as safe as possible. As we receive updated information, we will keep the resident of Berkley informed.

Regards,

Heather Martin-Sterling

Town Administrator
