Message:

Good morning,

We received a number of calls in recent months from Berkley residents regarding a project being built here in Freetown along the Taunton River. The project has gotten all of it's approvals from our Planning Board and Conservation Commission, but they are now before the Board of Selectmen for a Class II Motor Vehicles license. Berkley residents are well outside the required abutter notification radius, but I figured I would send along to the Public Notice to your office just the same, if you wanted to publicize it on the Berkley webpage or social media or anything similar. It should be attached to this message.

Thank you,
Timm McIntosh
