

## Town of Berkley Master Plan Committee

### **Berkley is Looking for Volunteers**

**Would you like to help plan for the future of the Town?**

#### **What is the Master Plan?**

The master plan will serve as a blueprint for the future expansion of Berkley. It is a dynamic long-term planning document that provides a layout to guide future growth and development. The plan will show where Berkley is at now, and how it should be in the future. A master plan includes analysis, recommendations, and proposals for a site's population, economy, housing, transportation, community facilities, and land use. It is based on public input, surveys, planning initiatives, existing development, physical characteristics, and social and economic conditions.

#### **Who are the people involved in the Master Plan?**

A Master Plan Committee should be made up of various elected officials and volunteer residents from that city or town. Having various residents representing different ideas and thoughts is what makes for a successful master plan. Everyone from single stay at home parents, business owners, historical enthusiasts, young minded individuals and seniors all should have a voice in a master plan. This will ensure that all voices will be heard when planning the future of a city or town.

#### **Interested in helping shape the future of Berkley?**
